

SHIBBUR

A major BREAKTHROUGH has occurred in SCIENCE recently. Through SCIENTIFIC METHODS and SCIENTIFIC TESTING, many facts which have been regarded in the past as unscientific are now known to be TRUE. The remarkable research over many years of Dr. Abrham Limstein has PROVEN that there is a basic yet mysterious force in human beings ("homo sapiens") which is called SHIBBUR (meaning "a basic yet mysterious force in human beings"). This force emanates from the immense powers radiated by objects in space, such as BLACK HOLES and SUPERNOVAE and is collected by the PARASYMPATHETIC NERVOUS SYSTEM which transfers the force to the CEREBRAL CORTEX (brain) along energy channels in the body.

SHIBBUR ("a basic yet mysterious force in human beings") can be collected by a few exceptional human beings such as Yuri Geller (who has been SCIENTIFICALLY tested) and gives Telepathic Powers as well as Clairvoyance and Psychokinesis. SHIBBUR is the powerful antigravitational force used by Flying Saucers to propel through the vast reaches of Space, by the formula $E = mc^2$ (Yes! Einstein was right). The same use of the Force has been DEMONSTRATED on national television in Turkey where Transcendental Meditators have been shown to LEVITATE while in a SHIBBUR trance.

The immense forces of SHIBBUR emanating from Space explain the extraordinary accuracy of Astrological Prediction and Character Analysis so long regarded by psychologists as "unscientific". The paths of SHIBBUR through the body leave tracks which can be read and reveal VITAL information about a person. The Sciences of Palmistry and Iridology PROVE this. The flow of SHIBBUR to the body from stores of this great energy in the Earth explain the WORLDWIDE ACCEPTED art of Water Divining, and suggest that the Himalayan Yeti and the Loch Ness Monster are one and the same.

The REMARKABLE COINCIDENCE that the letter "Y" occurs in the words Yeti, Flying saucers, Yuri Geller, Palmistry, Iridology, Clairvoyance, Telepathy, and Astrology has led Dr. Limstein to SCIENTIFICALLY POSTULATE that these phenomena and Sciences are at the basis of the question "Why?"
